FOOT PEDAL

### INSTALLATION

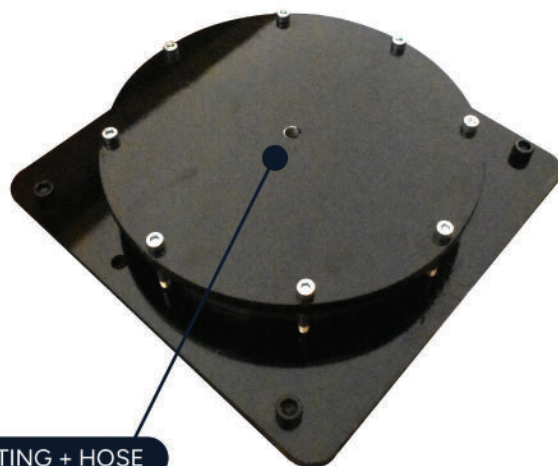

**A** SILENCER

**B** PLUG

**D + E** 180D FITTING + HOSE

COMPRESSOR

**C + E** 90D FITTING + HOSE

### STEPS

1. Attached 90D Fitting (C) to the top of the Europress. Connect the Hose (E) to the Fitting (C).
2. Attach the Silencer (A) to the side port on the foot pedal.
3. Attach the Plug (B) to the far right port on the foot pedal.
4. Attach the 180D Fitting (D) to the middle port on the foot pedal. Connect the Hose (E) to the Fitting (D).
5. Connect your compressor (connector not supplied due to multiple fittings used by customers) to the left port on the foot pedal.
6. **Complete.** Insert your cutting dies (purchased separately) and you are ready to use the Europress.
