ANUFIX 3 ASSEMBLY GUIDE

MOUNTIN

The anufix spacer consists of a top piece, a center piece and a spacer piece.

spacer remains

Screw the center piece and the spacer piece to the panel even before screwing them to the wall.

Position the pre-assembled panel against the wall and mark the hole.

Secure the panel with the spacer to the wall.

Screw the upper part counterclockwise (vandal protection).

The elegance of the anufix spacer highlights the design of the panel.
