

BLACK CLOTH TAPE – INDOOR

Black Cloth Tape, a premium PE-coated cloth tape, is equipped with a rubber-based adhesive, and stands out for its superior performance. Tailored for high-quality applications, it excels on irregular surfaces, while also being resistant to moisture. Its versatility extends to tasks such as vinyl repair, surface protection, and bundling items together. With moisture barrier capabilities, this tape proves effective for indoor applications, ensuring durability and reliability across a range of uses. Compared to the White Cloth Tape, this tape has a higher tack and peel adhesion.

CONSTRUCTION

ADHESIVE	NATURAL RUBBER
CARRIER	PE-COATED CLOTH

TECHNICAL SPECIFICATIONS (TYPICAL VALUES)

THICKNESS	0.3MM
PEEL ADHESION	1KG/25MM
REWINDING FORCE	2KG/50MM
TENSILE STRENGTH	13KG/25MM
TEMPERATURE RESISTANCE	40°C
HOLDING POWER	25MM x 25MM / 40°C / 20MIN

SURFACE PREPARATIONS AND FINISHING

Application temperature +5°C to +35°C (environment and substrate). Surfaces must be dry, clean and solid. Clean surfaces with an adequate cleaner. Expected level of performance will be reached after a bonding period of 24 hours. Always test adhesion prior to application.

SHELF LIFE

Store between +10°C and +30°C and in shaded conditions. Shelf life is 12 months when stored as recommended in original unopened packaging.

WARRANTY AND GUARANTEE

Rite Adhesives warrants that its' product complies, within its shelf life, to its specifications.
