

Product Information

Introducing our versatile Canvas exhibition fabric, a blend of polyester fibers and pure cotton that combines the best of both worlds, making it a high-performance choice for exhibition painting and decorative painting.

This unique canvas offers a perfect mix of strength, elasticity, impact resistance, and moisture resistance found in chemical fiber cloth, as well as the moisture-absorbing qualities, thickness, simplicity, and natural texture of traditional cotton cloth. The result is a canvas with an exceptional hand feel, texture, minimal shrinkage, and reliable size stability.

Our Canvas is specifically designed for oil painting applications and reproductions, known for its excellent anti-tension properties.

Shelf Life

1 year when stored in the original packaging between 20°C and 25°C at 50% relative humidity.

Technical Data

Base Material	80% Polyester + 20% Cotton (Woven)
Thickness	480 µm (+/- 10%)
Opacity	>95%
Durability	Recommended for indoor use
Compatibility	Solvent, Eco, UV and Latex

Standard Dimensions

1370mm (wide) x 25m (long)

Safety Data Sheet

When used under normal conditions, this product does not generate or release any dangerous substances or hazardous chemicals. This is a non-hazardous product in accordance with the current GefStoffV and EU criteria. Therefore it is not necessary to prepare a Material Safety Data Sheet for this product. The Safety Data Sheet serves only to comply with the regulation to supply information in accordance with REACH Regulation (EC). No. 1907/2006 and is available on request. This product is not hazardous with regards to transportation legislation. Neither does it contain substances that are hazardous to water within the meaning of the federal water act. After use, dispose of the waste product in accordance with local/national authorities.
